

Fiber Cable Kits

These fiber cable kits give you all the cables you need to deploy a Net Optics LC or SC fiber tap. Each kit includes two 3-meter full duplex cables and one 3-meter analyzer cable. Kits are available for all 10G & 1G singlemode (sm) and multimode (mm) media types.

Part Number	Connectors	Media	Color
705-0012-001	LC/LC	MM 50µm	Aqua
705-0013-001	LC/LC	MM 62.5µm	Purple
705-0014-001	LC/LC	SM 8.5µm	Yellow
705-0015-001	LC/SC	MM 50µm	Aqua
705-0016-001	LC/SC	MM 62.5µm	Purple
705-0017-001	LC/SC	SM 8.5µm	Yellow

LC/SC Kits are offered in order to support the use of LC Taps in SC-connected environments.

▶ Technical Specifications:

Operating:

Operating Temperature: 0°C to 40°C

Storage Temperature: -55°C to 85°C

Relative Humidity: 5% min, 95% max, non-condensing

Dimensions:

Length: 3m

Grade:

OM3

Insertion Loss:

2 dB max

Connector Type:

LC or SC (see chart)

Contents:

(2) Duplex

(1) Analyzer
